## Presentation of Findings

### New South Wales – Sydney Region

#### Government schools

#### New South Wales Sydney Region schools (total)

Total returned surveys	<b>26</b>
Total New South Wales government schools	<b>73</b>
% within state	<b>35.6%</b>

**1. Which teachers are responsible for HPE in your school (eg. Classroom, specialist HPE, outsourced)?**

Classroom teachers	15	(57.7%)
Classroom teachers & outsourced	10	(38.5%)
Classroom teacher & HPE specialist	1	(3.8%)

**2. If HPE is outsourced please give details of what is outsourced and background/qualifications of the people who take the classes?**

Yr 3-6 Friday Sport Specialist company (qualified coaches or teachers)	
Gym (whole school) – one term biennial	
Dance (whole school) – one term biennial	1
Dance ‘Dance2Bfit’ (qualified instructors)	1
Dance professionals – footsteps

**3. Do you prefer to have specialist HPE teachers in your school?**

Yes	14	(60.9%)
No	9	(39.1%)
No details/Not Applicable	3	

*Comments explaining why:*

There are certain areas, such as gym, that require specialists; dance used to support 'Spring Showcase' performance and Friday Sport to reduce ratios to 1:15 – to increase 'active time'.

No we need flexibility not one curriculum area.

For specialist areas such as dance and gymnastics as classroom teachers don't always have skills in this area.

Skills taught properly – forces teachers to take class to sport.

Aging staff may not be trained in PE/Sport

I, as principal, would prefer class teachers to take gymnastics as they can all meet the syllabus requirements but they are not confident. If not outsourced it won't be done.

Expertise and safety

Only for gym

Equipment, specialist skills

If the staff are not qualified in some areas then specialists ensure a quality program accompanied by safety.

Would be good for RFF (release from face-to-face) & Sport

I have been in schools where (and have taught) Health and PE as the Release from Face to Face (RFF) program. When taught in this vain, it is a most successful program and a greater emphasis can be placed on living healthy lifestyles.

Yes, specialist brings so much more expertise to the role. Can teach gymnastics.

We know our students best

Excellent programs – especially gymnastics

Preparation to set up equipment

Can look after all aspects ie. Carnivals, sport & PE

Safety, skill knowledge

Better to use internal expertise than having to get parents to pay.

**4. If your school does have a HPE specialist teacher, do they have specific HPE qualifications?**

Yes	2	(28.6%)
No	5	(71.4%)
No details/Not Applicable	19	

**5. On average how much time of PE (lesson) engagement do students in your school receive weekly?**

None	0	
Half an hour	2	(7.7%)
1 hour	8	(30.8%)
2 hours	14	(53.8%)
3 hours or more	2	(7.7%)

**6. When employing staff, do you look at the university certificate/ testamur of potential staff?**

Yes	8	(30.8%)
No	18	(69.2%)

**7. When employing teachers do you peruse university transcripts of results?**

Yes	3	(11.5%)
No	23	(88.5%)

**8. As a Principal, would a course that qualifies teachers to be generalist classroom teachers and HPE specialists be of value?**

No	2	(7.7%)

**11. Are there any other details you would like to add on the issue of quality HPE experiences for children in schools?**

Totally agree but I would be happy if teachers in general primary courses could major in HPE.

All pre-service teachers need to be provided with greater training in this area – has positive results in the classroom and socially.

I do not have the staffing flexibility to employ a specialist HPE teacher.

Having a specialist PE teacher ensures that our students get 1 hour of quality PE instruction every week.

As a state school – I employ teachers with ‘Approval to teach’ and accredited codes. Mostly kids enjoy PE lessons – quality ie. Skills being taught is problematic
